VOLUME 8 ISSUE 7

Tansi and welcome to another edition of the Acimowin. The above photo was the Pigeon Lake Volleyball Tournament hosted by SYSD. The tournament had a very good turnout so good job organizers. From there, we had the Day of Prayer in the Chambers with Chief Vernon Saddleback present and a host of speakers to celebrate the day. See our SCN Facebook page for the video of the Day of Prayer. Moving on, Harper Potts, Director of Emergency Management, provides us with an update on the condition within Maskwacis regarding the Covid 19 situation. The band office is closed to the public but you can make an appointment to see the department you need. Call 780-585-3793 to make an appointment.

Emergency Management is still delivering food, water, cleaning supplies, sanitization packages and home test kits to those under isolation or quarantine. If your double vaccinated, with the booster shot and you still test positive you have to stay home for 5 days and isolate. If you have symptoms, you have to stay home until the symptoms are gone. If you not vaccinated, it's an automatic 10 days isolation. These are provincial regulations.

Vaccination clinics have really slowed down since the province lifted the regulations. We are having them every two weeks because of the slowing down of people showing up for vaccines. The other three nation have stopped altogether. Those people from the other nations can come get their vaccines at the HBMC on Wednesdays. Or you can make an appointment at the Maskwacis Health Services (MHS).

The town site perimeter hours are still from 8 AM to 8 PM. We have funding for this so we are going to use it up and not send the funds back. No other nation in Canada sends funding back. We are still under a local state of emergency since March 23, 2020, which was two years ago.

There is a possible sixth wave coming. It's already out in eastern Canada. It started in Europe about a month ago. It takes about 1 to 3 months to get to Canada from Europe. We estimate it will be here about the end of April or the start of May and slowing down in June. This variant is 10 times more contagious than previous variants.

Work hours are from 8:30 AM to 4 PM. You can make an appointment to see the department you need. Employees have to test Monday and Wednesday. The bays at the Fire Hall are still open for testing. No other reserve has the service available for them. MHS got us that funding. Masks are mandatory in Samson but across the rail road tracks you don't have to. I see people wearing their masks and that's good. I still wear mine.

We have lifted gathering restrictions with triage in place. We did this for a round dance. It's been two years since we had a good round dance so we went ahead with it. I have not heard of cases coming out of it.

Schools are still open. Masks are required in class but not outside.

Our numbers are slowly going up and people are still getting sick. The restrictions maybe lifted by June or July when the numbers go down. Be careful out there. We will continue to get through this. I will try and update every two weeks.

COVID-19 Statistics for Maskwacis
As of Wednesday, April 20, 2022

ACTIVE	61
RECOVERED	4657
TOTAL CASES	4725
HOSPITALIZED	7
DECEASED	26

If you're COVID-19 POSITIVE and you're unvaccinated you must isolate for 10 days from first day of symptoms started, or until symptoms go away (whichever is the longest).
If you are vaccinated (with 2 more doses) you must isolate for 5 days from when symptoms first started, or until the symptoms go away (whichever is the longest).

MASKING MANDATE & GATHERING RESTRICTIONS ARE STILL IN EFFECT

Due to Maskwacis still below the 70% (first and second dose) and cases become more stable, the Directors of Emergency Management for the 4-Nations and Maskwacis Health Services agree that all restrictions remain in place until further notice.

Your Co-operation is appreciated.

2022 Townsite Water Upgrades – Final Request for Resumes

March 28, 2022

*The final deadline for resumes is coming up quickly!
Please submit yours before Friday, April 8, 2022*

Project Overview

We have been experiencing frequent leaks in our townsite potable water distribution system for at least the past 10 years. Approximately 7.9 km of the 14.4 km (55%) piped system was built in the 1970s and is starting to fail. Repair work on our sewer systems in the townsite over the past few years highlighted how brittle the watermain is by creating numerous breaks and water service disruptions just by working with heavy equipment adjacent to our waterlines.

We have been advocating for funding to repair and replace our aging infrastructure since at least 2010. In 2020, we received funding from Indigenous Services Canada to complete an assessment of the townsite water system. This assessment led to the creation of a Nation-led plan to systematically replace our aging townsite water infrastructure over 10 phases (5-10 years). Through continued advocacy, the Nation was successful in securing funding from Indigenous Services Canada in 2021 to design the first phase of the planned watermain replacements and associated system upgrades. We expect to have the design complete and be ready to tender the project by late April/early May, 2022.

Potential Job Opportunities

We expect each contract will be awarded to a General Contractor who will need to hire sub-contractors, local labour and services to complete the work. The following list outlines potential job opportunities for each of the two contracts. These jobs are not guaranteed and are only listed as examples.

Contract 1 - Watermain Replacement	
• General Contractor	• Augering Contractor
• Labourers	• Chain Link Fencing Contractor
• Foreman	• Paving Contractor
• Pipelayer	• Landscaping Contractor
• Equipment Operators (Excavator, Dozer, Skidsteer, Loader, Packer, Grader, etc.)	• Equipment/materials supplier(s)
• Heavy Duty Mechanic	• Fuel supply for construction equipment
• Hydraulic Operator/Contractor	• Temporary site office and washroom facilities supplier(s)
• Gravel Supply	• Site Inspection Support
• Class 1-5 Drivers	• Site Security
• Utility Locator	
Contract 2 - Facilities	
• General Contractor	• Gravel Supply & Placement
• Journeyman Electrician	• Landscaping Contractor
• Heavy Duty Mechanic	• Class 1-5 Drivers
• Labourers	• Equipment/materials supplier(s)
• Foreman	• Fuel supply for construction equipment
• Pipelayer	• Temporary site office and washroom facilities supplier(s)
• Concrete Supply & Placement	• Site Inspection Support
• Equipment Operators (Excavator, Dozer, Skidsteer, Loader, Packer, Grader, etc.)	• Site Security

Potentially Required Training/Certification/Personal Protective Equipment (varies by job duty)

- Resume detailing relevant experience
- Class 5 Driver's License (preferred) – may include drivers abstract review and/or means of transportation to/from work site
- Valid Construction Safety Training System (CSTS) Ticket
 - With relevant job-specific module topics such as: Basic Ladder Safety, Confined Space Awareness, Environmental Protection, Excavation & Exposing Utilities, etc.
- Pre-Employment Drug and Alcohol screening
- High school diploma/GED (preferred)
- First Aid/CPR, 105 Allow, Fall Protection, Confined Space, Ground Disturbance
- Hard hat, steel-toed boots, appropriate work clothing

We anticipate this work will be tendered in two separate contracts:

Contract 1 - Watermain Replacement

- Removal and replacement of approximately 800m of watermain, including valves, hydrants, and building service connections from the Samson Cree Nation Townsite Water Treatment Plant along Crane Road to the Band Office. Includes restoration of parking lots, lot approaches, and fencing along the alignment (where applicable).

Contract 2 - Facilities

- Construction of a backup power generator for the Samson Cree Nation Townsite Water Treatment Plant, located just north of the existing Water Treatment Plant. Also includes construction of a potable water booster station/pumphouse in the Wilhove area using a pre-manufactured building.

These contracts will require at least 15% local resources (a combination of laborers and supplies) from Maskwacj to be included in the delivery of the work, but we'd like that number to be much higher. We would like to provide support to our members in advance of releasing the tender for this project to allow for the greatest opportunity for engagement in the project. Ideally this will mean including resumes and local contractor information in the tender documents.

Project Schedule Highlights

Tender Contracts 1 & 2 – April/May 2022

Construction of Contracts 1 & 2 – June–December 2022

What We Need from You

1. Submit resumes to the Nation:

- Individual resumes showing relevant experience, training certificates, education, references, contact information, etc.
- Contractor brochures/resumes showing relevant experience, references, contact information, insurance & bonding capabilities, WCB Confirmation, CDR Certification, etc.

Please submit your resume, supplier information, or company brochure to the following email address

before Friday, April 8, 2022:
ccncontract123@gmail.com

Alternatively, you can direct resumes and questions about the project to:

Other Projects

Alongside this important work, the Nation is also working on the following water projects that received funding in 2020/2021. These projects are being delivered through collaboration across multiple departments and committees including Community and Capital Planning (CCP), niply, Housing & Trades, and Maskwacj Health Services:

1. Completed in 2021
 - Emergency Replacement and Upgrade of Wells 11 & 12, improving water supply to our Townsite Water System and ensuring adequate supply of drinking water.
 - Priority Water Valve Replacements, improving townsite water system operations by creating water system "zones" to reduce the need to shut down water service to the entire townsite in event of a water break.
2. Currently Underway
 - Implementation of a geographic database system to improve management and record-keeping for our water, sewer, and housing infrastructure.
 - Design of Phase 2 of the planned watermain replacements work in the Townsite (anticipated construction in 2023)
 - Comprehensive water quality testing and concept design for future upgrades to the townsite water treatment plant (anticipated construction in 3+ years). This is a proactive project to ensure we have a plan ready and funding secured to upgrade our water treatment plant when it reaches end-of-life.
 - Assessment of some individual rural household water systems that are on drinking water advisories to better understand the root causes and advocate for appropriate funding to be able to provide safe, reliable drinking water to all our members in Samson Cree Nation and Pigeon Lake.

Thank you,

Samson Cree Nation

FSIN Media Release

www.fsin.com

For immediate release: April 12th, 2022

FSIN SAYS DUTY OF CARE WAS BREACHED AT JIM PATTISON CHILDREN'S HOSPITAL.

(Treaty 6 Territory, Saskatoon SK) – The Federation of Sovereign Indigenous Nations (FSIN) Executive is calling on the Jim Pattison Children's Hospital to conduct a full formal independent investigation with one of the FSIN's appointed health officials working alongside during the entire investigations into how a young baby had broken his leg without his mother knowing how.

Baby Tobias Soosay has been a patient at the Jim Pattison Children's Hospital since he was born prematurely on September 1st, 2021. On April 4th, 2022, Baby Tobias' mother Teelah Soosay visited him in the hospital. He was in good spirits and doing well. Teelah then returned to care for her other children and couldn't visit Baby Tobias until April 7th. Upon her return to the hospital, Teelah was in shock and distressed to see her baby was in a full leg cast. Teelah, who wasn't informed about the cast or the incident that led to it, asked an on-duty physician what happened to her baby. The physician replied that she didn't know. Since then, Teelah and Baby Tobias' grandmother have pled with the hospital for an answer, which they have yet to receive.

"We are in disbelief, and we are hurt that this could happen in a hospital," Teelah Soosay said. "I should feel as though my baby is safe in a hospital as he is treated, but now I live in fear. I just want an answer. What happened to my baby?"

"I can't even begin to understand what the family is feeling right now, but the Mosquito, Grizzly Bear's Head, Lean Man First Nations is supporting them in all of their grief," said Chief Tanya Aguilar-Amimam. "Baby Tobias and his mother, Teelah Soosay, deserve an answer. They deserve the truth. How could this happen to a seven-month-old baby?"

"This current matter is very disheartening as there is clearly a lack of communication within the staff of the Jim Pattison children's hospital," said Rosannah Moosemin, Jordan's Principle Service Coordinator/Advocate from Mosquito, Grizzly Bear's Head, Lean Man First Nations. "Addressing these kinds of issues where it involves a child, a baby, should be priority standards. To decrease systemic discrimination and provide the accurate and upmost care for the child is the best interest. This was a lack of communication and addressing the family in the upmost caring way was not fulfilled. Therefore, leaving the Soosay family to plead for answers which were left unanswered. I hope that this can also bring awareness for others who have experienced this type of treatment with their families by systemic medical authorities. Jordan's Principle of Canada initiates the child's-first principle which aims to eliminate service inequalities and or any delays as opposed to medical, health, social, education and physical abilities."
