

# MASKWACIS HEALTH SERVICES EVALUATION

## COMMUNITY MEMBER SURVEY

Maskwacis Cree Tribal Council has engaged MNP LLP (MNP) as an independent third party to conduct an evaluation of Maskwacis Health Services (MHS).

As a community member of Samson Cree Nation that MHS serves, MNP would like to ask you to complete a survey to better understand the health needs of community members. All responses will be anonymous and kept confidential.

From this MNP will identify risks and areas for improvement and recommend specific action items that would improve the delivery of health services by MHS.

Everyone completing the survey will be entered into a draw for a gift card.

### **There are three ways to complete the survey:**
